THE WILDISH WINDOW

WILDISH COMPANIES

VOL. XLVI No. 4

Winter 2019

Fremont Bridge, Portland — **Robert Rife, Jeff Ehlen, and Enrique Castaneda** pour Rapid Set concrete while **Sami Avalos, Juan Medina, and Anthony Imel** finish the concrete during one of joint replacement weekend shifts. Superintendent **Joe Peterson** reloads the truck mid-pour on this 46-foot section.

The Happiest of Holidays to All

The holidays call on us to celebrate, to be joyful, and to spend our precious time with those near and dear to our hearts. For some it's a season of reflection, an opportunity to take stock of our lives and to count our many blessings. For others, it's a season to serve those who are less fortunate.

The Wildish companies have been supportive of numerous nonprofits in our community, from arts organizations that enhance our daily lives to those that protect children, support our deployed troops, and feed the hungry. We also contribute to university scholarship programs, homeless shelters, and organizations that help runaway teens find a safe place in this world. All of these are worthy, and need what help they can get.

(continued)

(continued from front page)

We're able to make generous contributions due to the dedication and hard work of our employees and the sacrifices of their families. Because of you, we are successful. Because of you, this holiday can indeed bring joy to those who are less fortunate, and who would otherwise not have much to celebrate.

For those who contribute their time and/or money to nonprofit organizations, please let us know! While we make no promises, we're always interested in supporting causes that are important to Wildish employees.

In this joyous season, the owners and managers of the Wildish companies extend our warmest wishes for a season filled with love, laughter, and the blessings of family.

Merry Christmas!

Jim Wildish
President
Wildish companies

Amazon Active Corridor, Eugene — WCC crews used two cranes and a lot of planning to place one pedestrian bridge underneath a set of overhead power lines.

Mechanic **Brian White** is one of several who keep equipment running on, and trucks rolling to, Wildish projects.

City of Beaverton City Project Engineer Jim Brink, Mayor Denny Cole, and Councilwoman Lacey Beaty with WSTP employees **Alan Bird** and **Dan Payne** at the grand opening of Menlo Drive.

WBC and its subcontractors place one of two new transformers at the Carmen Powerhouse project.

Recognition of Service

Special thanks go to all who joined Wildish one, five, ten, fifteen, twenty or more years ago during the months of November, December, and January.

Around the Yard

Great work!

Stephanie Young, WSTP pile driver carpenter, was recently recognized by the Pile Drivers Union as their representative at the Tradeswomen Build Nations conference. Stephanie earned an all-expenses paid trip to Minneapolis, Minnesota, to attend workshops, conferences, and the union carpenters' caucus meeting.

Supervisor Joe Peterson remarked: Stephanie is one of our top-notch carpenters that we have on our crew at Fremont... Since her first weeks on our team, her attitude and her ability to work with and train others has been exceptional. In addition to being skilled in welding and carpentry she is a thinker and great to work around. We are very proud to have her with our Fremont Team at Wildish.

Congratulations, Stephanie! We're all very proud of you!

Dallas Senior Center, Dallas — WBC employees **Mike Hill** and **Philip Decicco** set a beam at the building's entrance.

Get a Load of This

Kudos Wildish receptionist Debbie Mitchell reports that she recently received a phone call from a woman who lives in a mobile home park who “called to praise our workers for doing such a good job. She is impressed with the hard work and how polite they all are. She said, “They all deserve a bonus or a raise.”

Kudos go to WCC supervisor **Pedro Regalado** and his paving crew! Thank you for representing the company in a very professional manner.

WCC crews worked nights to grade, pave, and pour concrete on the OR 126 project near Veneta.

WSTP crew members **Rob Tarrant**, **Dale Luckcuck**, **Joe Reyes**, **Ryan Winn**, and **Carl Breese** pour the last of the rails on the Viaduct bridge on the I-105 project in Eugene.

Working around numerous existing utilities, **Tony Koker** and his pipe crew install a waterline on North Coburg Road in Eugene.
